Measure: HB3501

Killing a city by allowing the drug addicted and insane to live, litter and defecate on the street, in front of stores, restaurants and hotels, is a sure path to destruction.

Tourists stop coming, resident stop shopping, businesses move as employees feel unsafe, crime soars, and the city dies. In the end, everyone suffers. This is obvious.

Take a walk through the Pearl. Your obligation is to do the greatest good, while still providing for the vulnerable. Find a better way.
