Measure, Appointment or Topic: HB3054

As a senior I moved into a park because it was affordable at the time. Managers have changed twice in the one and a half years I have lived here. Rent was just raised and I was told by other tenants that the rent is raised every year. We use to get water sewer and garbage included but now we pay. I worry that if the rent keeps going up that eventually it will get to a point where I can not afford to live here I realize there are expenses involved in operating this park there should be limits on how much and how often the rent goes up. It is getting harder and harder to meet all my obligations every month. I really pray you are able to pass this bill.
