

Submitter: Paul Hanrahan
On Behalf Of:
Committee: House Committee On Climate, Energy, and Environment
Measure, Appointment or HB2961
Topic:

To Whom It May Concern:

We are in a crisis on this planet from an ecological standpoint from our egregious burning of fossil fuels. ANYTHING we can do to mitigate this process is warranted. Therefore I strongly encourage you, no, insist you pass this bill as a small but effective action to help fight climate change.

Thank you,
Paul Hanrahan
