On Behalf Of: Mr Oregon Opposes HB 4051  
Committee: House Committee On Housing  
Measure: HB4051  
Wednesday; [02.09.22]

I OPPOSE [HB 4051].

I have read the Text pf [HB 4051] and all of the Testimonies submitted this date. I am wholly unimpressed.

The Housing and Community Services Department is an institutionalized embarrassment tot the State of Oregon.

The information request via [HB 4051] should be have been systematically compiled some time ago.

The sinister [SB 8], [HB 2001] and [HB 2006] are going to face court challenges due to the taking of wealth from deserved people and transferring the wealth to underserving people.

The Homeless situation in Oregon is only going to worsen and worsen it will as the some of millions of illegal aliens crossing our borders end up in Oregon-unhoused.

The really sad part to the story is those that constructed [SB 8], [HB 2001], and [HB 2006] will see the damage their legislative actions will bring to cities and neighborhoods.

Face the music-if you can't afford to live here there is 'No' amount of 'free services' that will sustain the hordes of people who are coming to cash in.  
And all of you out there in 'Non-profit and or Public Benefit Corporations', government Housing Departments and or Agencies you are not being honest with elected people.

[HB 4051 -3] is a bad joke. It will never work.

My prediction; as property owners see their property values go to zero due to Homeless Housing gimmicks there will be a changing of the elected people's jobs.

Mr. Oregon sadly Concurs.
