Measure, Appointment or Topic: HB2138

Thank you for the opportunity to comment on HB 2138. I am a strong supporter of HB 2138 as a resident because I believe this will improve housing choice in our state, helping to meet the high demand for homes in our cities and towns with a variety of housing types (duplexes, quads, etc.) and prices. We need these changes in order to remove legal barriers on more housing options on existing developed land, allowing the market to meet demand. This will clear barriers and create more opportunities to live near our jobs, remain in areas with growing demand, and help diverse households find a home that fits their needs.
