

Submitter: Anna Winn
On Behalf Of:
Committee: House Committee On Commerce and Consumer Protection
Measure, Appointment or HB2141
Topic:

I urge you to pass HB 2141 because interior designers in the state of Oregon have been practicing in a professional capacity for nearly a century without proper recognition. Having to pay architects to stamp drawings that have been completed at a professional level recognized by others within the architecture, engineering, and construction fields is an unnecessary redundancy. The American Institute of Architecture has been creating an artificial hurdle for far too long, based on antiquated notions of women in the field. My education, passing nationally recognized NCIDQ exam, and experience make me a qualified design professional that the public can trust to create healthy, safe spaces. Thank you for your consideration.

Sincerely,

Anna Winn, IIDA 1106889

Lighting and Interior Designer at LUMA Lighting Design
