

Submitter: Emily Stebbins  
On Behalf Of:  
Committee: House Committee On Climate, Energy, and Environment  
Measure, Appointment or HB3172  
Topic:

I'm writing in support of HB3172. It is critical that we adapt ourselves to the reality of wildfire in Oregon. Fire is a natural part of the forest ecosystem, and the main factor that drives it is the weather. This means the only way to reduce wildfire severity is to reduce the impacts of climate change. In the meantime, home-hardening is a crucial step to protect our homes.

Thank you,  
Emily Stebbins
