We, the taxpayers of Oregon, CANNOT AFFORD to spend more money to pay for housing for other people. This bill doesn't even clarify who the people are. Are they here legally? We are attracting illegals to this state that cannot afford to support themselves, and you, the congresspeople, are expecting the TAXPAYERS to support poor people that are NOT EVEN CITIZENS when we can barely support ourselves. Inflation has caused all prices to go up, many of us are lifelong Oregonians that are on fixed incomes and can barely afford food, much less housing, electricity and property taxes. Please think of your CONSTITUENTS. This is getting out of control. The only thing you seem to be doing these days is taking our tax money and distributing it to fringe groups and NGOs for distribution. We are already in the top 10 for federal assistance in this state, the feds aren't going to pay for it anymore and that leaves us, the working class taxpayers. We can't afford housing for ourselves but you make sure we are paying for it for someone else.
