Measure: HB3501

Oh look more rich people who don't live in portland seeking clout for their inaction on nasty ass homeless shanty towns and rabid vapid drug addicts strewn about the street. Screw this bill and fuck whoever wrote it up. You're braindead, portland hates you and we don't want you or these homeless drug addicts here any longer. We as a people are fed up with you and your inability to understand and accept that.

Criminalize illegal camping. Criminalize open public drug use. Criminalize not seeking professional medical help for severe mental health issues. Lock up schizo homeless meth addicts that smash heads in with rocks. Lock up schizo meth addicts that burn down buildings. Sweep the ever loving hell out of every single camp in portland.

Homeless drug addicts who do nothing to contribute to our community and refuse to get better have absolutely no right to be here.
