Committee: House Committee On Housing and Homelessness  
Measure, Appointment or Topic: HB2316

I OPPOSE [HB 2316]. A little background reading:

Dateline County Desk, "[HB 2316] embraces Systemic Racism-Oregon Legislators seem not to care."

In a not so slick attempt to buy votes, by giving certain people low cost housing on State Lands, the Legislature attempts to throw heaps and or gobs of Discriminatory mud in order to smother the Fair Housing Act from detection. Not everyone will be treated equally under [HB 2316].

The 14th Amendment of the Constitution of the good ol' U.S.A. does not apply here. No Sir and No Ma'm it don't. But, what does one expect from a seditious group of miscreants in the statehouse who think they can give citizenship, free medical care and housing to Illegal Aliens?

In a move not too distant and or distinct from communism, an anonymous source reported the following excerpt from the TEXT of [HB 2316] as reported here:

"...SECTION 3. Housing and Community Services Department designation of Home Start Lands.

(1) The Housing and Community Services Department may designate real property as Home Start Lands if the department finds that the property complies with the requirements under subsection (2) of this section and that the local government and property owners have identified a plan or funding source that is substantially likely to increase the supply of affordable housing in this state...."

Another anonymous source did utter some well-chosen cuss words concerning [HB 2316] in its entirety.

Personally, I do not know how long or how much taxpayer dollars went into creating [HB 2316] but it is the dirtiest piece of low-down and shameful way to treat my tax dollars.

What will be the final fate of [HB 2316]? No one knows for sure right now but, those Legislators that will support [HB 2316] must have a Death wish for prevailing in the next and or any future election cycles.

Wise and prudent Legislators who reject [HB 2316] surely will be heralded as protectors and defenders of Oregon's precious and irreplaceable; farm lands, forests, coastal lands and the lands in Eastern Oregon. MOGA!

The Snake River to the sea-works for me."
