On Behalf Of:  
Committee: House Committee On Revenue  
Measure: HB3446

22 March 2023  
HB 3446

Please pass House Bill 3446, as it is essential to the forest fire victims' ability to stay in their rebuilt homes.

As many, we lost everything we owned and many of us are elderly and do not have the ability to pay higher property taxes. Rebuilding our homes has been a huge expense.

Most of us have built smaller homes, ours is 30% smaller. Other have simply bought manufactured homes.

Thank you,
