I'm not sure if I'm doing this correctly or not. I just want to say how unfair it is that the owners of my manufactured housing community continue to have such huge rent increases every year. They take nearly all of our yearly social security increase from us for rent. We are retired, on a fixed income. two years ago when we had the sizable increase in our benefits the owners took nearly all of it. It's disgusting and not the least bit fair.

thank you
