Measure, Appointment or Topic: HB2138

Please remove Section 22(1)(f) from HB2138 that would repeal the requirement of a demolition review for houses on the National Register of Historic Places. While I am in support of the goals of middle housing, I am frankly astounded that this statement is in the bill. A community deserves the opportunity TO REVIEW a demolition application for a house or building that has documented historic and cultural significance before any action is taken to permanently remove it from existence.

Respectfully submitted.
