On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I am absolutely opposed to public camping being legal as a solution to the homeless issue. Money and energy needs to be focused on affordable, transitional or shelter housing. And what about those of us who are fortunate enough to have a home- we still have the right to have safe, clean, drug and crime free neighborhoods. Our parks and recreational areas should also have the same standards. Don't taxpayers have a say?
