Oregon and Portland led the nation in homelessness among families and youth in 2023.

#1 Indicator of Chronic Adult Homelessness is

We cannot end youth homelessness until we prevent it. That's why Chapin Hall has launched a four-phase initiative to continue momentum and action to

Math:

400+ aging out of services each year

$$9 \text{ years} \times 400 = 3,600$$

42.5% of UH are 25-44

$$\text{Total UH Ages 25-44*} = 3,549$$

Legislative Action:

2021 - - \$2.0 million invested

2022 - - \$4.5 million invested

2023 - - \$25.1 million (DHS +
Housing)

2025 - - Governor = \$20.5 GRB

Independent 2023 Study (From This Committee):

Recommended: \$154 million / biennium

Missing Altogether:

Substance Use Treatment Resources

Specific YEH / Youth BH Workforce Programs that work

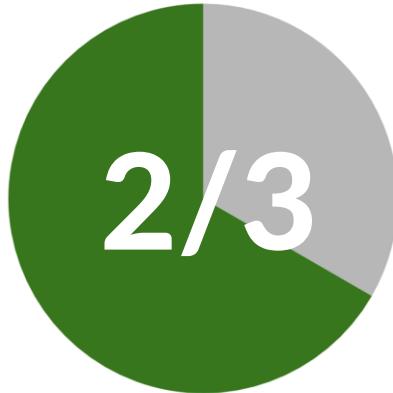

HB3079 (-1)

Rep. Emerson Levy, Senators Deb Patterson, Lisa Reynolds

- ✓ \$30 million = Support Existing Programs & Expand (as recommended by study)
- ✓ \$11 million = Crisis Emergency Sustainability (preserve existing capacity)
- ✓ \$13 million = Fill GAP SUD Treatment
- ✓ \$3.5 million = Fill GAP Youth BH Workforce In-House Training
- ✓ NET OVER GOV Request = \$34.7 million (1/40th amount spent on adult system)

What Do We Know?

2/3 of youth who
are homeless for as
little as
3 months
go on to become
homeless as adults.

The cost of one
adult trapped in
homelessness is
**\$3.2-\$5
million**

Data shows that for every **\$5 million** of investment, we can serve
over **700 RHY** youth, so....

If just **50%** of those youth for a three-year period avoided
homelessness as adults, the state could save **\$3.2 billion** over the
next **20-30 years**.

Wrap Around Model:

85% Success Rate

Bottom Line:

We cannot fix or end adult
homelessness until we fix youth
homelessness.
