Please stop this. It is NOT okay to camp on the streets. I drive by it every day under the Steel Bridge and it's a mess. Garbage, feces all over. If you are going to pass a bill like this (which I frankly can't imagine any of your constituents being okay with this), then you need to provide dumpsters and clean up services instead of allowing trash all over. It's completely unsanitary, lowers, property values, scares people away from downtown. Are you trying to ruin downtown forever? And how about property values of people who have homes?

I have lived here all my 57 years and have never seen it so bad. The answer is most definitely NOT to make it legal to camp wherever one wants. It's awful. STOP.
