Testimony Opposing Senate Bill 811

Submitted by Carrie Miller, Adult Foster Home Licensee

Dear Members of the Senate Committee,

My name is Carrie Miller, and I am a Licensee for a Level 3 APD Adult Foster Home.

I am submitting this testimony in opposition to Senate Bill 811 in its current form, which

introduces the term “substantial compliance”

Adult Foster homes provide a vital, highly individualized alternative to traditional care settings,

fostering a family-like environment with personalized care. Adult Foster homes have small resident populations, allowing for a more intimate and tailored approach to caregiving. Applying a broad standard of “substantial compliance” to these settings leaves room for inconsistent enforcement, unnecessary regulatory burdens, and undue stress on providers who already strive to meet and exceed care

standards.
