Committee: House Committee On Rules
Measure: HB3414

To all on this very important Committee. Thank you for your ability to listen. As you well know, every year, there is another assault on our Land Use policy. We must NOT fail our future generations by changing our rules to fit what corporations want. Every bit of our land must remain in the present state, so we will have food in the future. We also need land for many reasons, not buildings, oparking lots, etc. There is always...each year, another battle to let us carve up Oregon. Please do NOT allow that. Thank you.
