On Behalf Of:  
Committee: Senate Committee On Housing and Development  
Measure, Appointment or Topic: HB4035

To Whom it may Concern:

I support the passage of HB 4035A. I would love to see this passed so more land (especially in Newberg) can be opened up for more development so more people can call it home or to have more opportunity to own a home if more are built where there is land to be developed. Thank you so much for your time.

Carrie
