Measure, Appointment or Topic: HB2967

I ask you to support this bill because it removes the financial burden from potential renters who are forced to pay multiple application fees to try to get in to a rental. There is still a housing shortage and Competition to get into a rental is still quite high. By way of anecdote, I have a friend who paid over \$500.00 in application fees before she was able to find a rental. Rentals are going so fast that a potential renter has no choice except to submit multiple applications. This person works 2 jobs and it put a real financial burden on her to pay these fees.
