Measure, Appointment or Topic: HB3809

I am incredibly grateful for the support I received through the Individual Development Account (IDA) program. This opportunity has truly been life-changing for me and my family.

Before joining the program, transportation was a major barrier in my daily life. Without reliable access to a vehicle, getting to work, running errands, and taking care of essential responsibilities felt like a constant struggle. However, with the guidance and financial assistance provided by the IDA program, I was able to save effectively and ultimately purchase a vehicle.

Having a reliable car has significantly improved my quality of life. It has given me the freedom to pursue better job opportunities, support my family more efficiently, and feel more independent overall. This program didn't just help me buy a car—it empowered me with financial knowledge and a path to greater stability.

I want to extend my deepest gratitude to everyone involved in making this program possible. Your support has made a real difference in my life, and I hope that others can experience the same opportunities that I have.

Thank you!
