

Submitter: Sheila Dooley  
On Behalf Of:  
Committee: Senate Committee On Housing and Development  
Measure: SB1530  
SB 1530

I am writing in support of SB 1530 and the dash-3 amendment with its Infrastructure investments and climate-smart housing incentives.

Please further amend it to target funds for specific infrastructure projects inside UGBs that are shovel-ready now. Supporting development within existing UGBs helps solves Oregon's housing shortage without overriding Oregon's land use laws.

Thank you.

Sheila Dooley
