I am an Alumni of Oxford House Jade in Salem Oregon I am opposed to bill HB 2239 The certification process and standards of Oxford House Incorporated should be held on equal footing as the NARR certification. I don't know the difference between the 2 certifications above, but what I do know is not all programs work for everyone and I feel we should have options out there to help that struggling addict. I lived in a transitional house prior to living in an Oxford house and my experience in the Oxford house was so much better. I felt equal a part of. I found my voice because it mattered in my Oxford house. I was able to learn from my mistakes with the accountability process with behavior contracts and things being brought to my attention by my sisters that were there to support me and love me. I loved my Oxford house and grew from it in so many ways. I hope you guys don't take away the opportunity for others.
