On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Our parks will no longer be safe for children. The yard at our own homes will no longer be safe. A large portion of homeless people have mental illness we should direct funding and effort towards mental illness shelters instead of this atrocious bill. Drugs, property damage, scared and endangered children is all that will come of this bill. The people of Oregon are getting tired of our radical government. Please, stop the insanity.
