Peter Currer

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB2305

An important part of the solution to the homeless emergency that our state and country is enduring is providing housing. This bill is a move forward in making the owning of rental properties possible for small owners (two units) such as myself. If I can not control my housing investment then I will need to move into a different area of investment... CDs look so attractive these days compared to rent-capped housing where you can not even remove a non paying tenant !
