

Submitter:

Zev Braun

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB2138

Based on the rising homelessness problem across the northwest, and the increased interest the region has faced from wealthy home buyers and investment companies, it's clear that Oregon needs more flexible zoning in certain residential areas. This bill strikes a balance between providing for more housing without bulldozing communities and their unique cultures. Please support this bill.
