

Submitter:

Judee Pokorny

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure, Appointment or Topic: HB3928

Our rural land is too important to be used for indiscriminate housing. We need to be able to grow crops without complaints of people who do not wish to have dust or smells which occur on ranches and farms. Plus our current resident in the white house is doing a good enough job of turning our world upside down, we do not need local developers doing the same.
