Committee: House Committee On Revenue  
Measure: SB1527

I OPPOSE [SB 1527].

I OPPOSE the entire "first-time home buyer savings account system.

There are too many entities involved monitoring the money and above all, the "First-time Homebuyer program" serves as a crutch to elevate some into housing while leaving a vast number of people on the sidelines.

People must assume responsibility for their own lives and not rely on government "hand-outs" and or "special treatment by government."

The "First-time Homebuyer program" for is discriminatory giving tax breaks to a few instead of treating all people "Equally."
