The politicians in Oregon need to do better for the Oregonians in this state. Stop passing policies that undermine the prosperity and health of all Oregonians. You've allowed drugs to lay waste to this state. Our large cities are cesspools and people are afraid to even go in them any more. We are a laughing stock of every news outlet in the country. And now you want to spread the consequences of your terrible policies and put those on ALL of us??? How dare you require everyone in the state to take on the homeless problems that Democrats in this state caused!
