

My name is Lamaya ( la-may-ah) Jarrell. This IDA is a chance for me to save for stability. In the near future to buy a home, that might not have been obtainable-or take a great deal longer to accomplish . Gives me and the future of my daughter- an opportunity as a single mother, that might not have happen to show my little girl ( 7yrs old), that working hard and saving money that there's a light at the end of the tunnel for us to have a home we can call our own. With the guidance of Creator, our journey.. what has been put in our path, with our determination, love, respect & integrity anything is possible.

With all my Heart,
