Measure, Appointment or Topic: SB712

I STRONGLY OPPOSE SB 712

Property values are inflated, especially in Oregon. Economists are predicting an adjustment is coming. This bill would put Oregon's property values more inflated than they are artificially raising taxable values.

SB 712 is an unnecessary and harmful tax increase that will hurt homeowners, especially seniors and low-income families. It will put more stress on affordable housing projects. Automatic tax hikes are taxation without representation.
