

Submitter: Pulkit Agarwal

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Although I respect and have sympathy for people experiencing homelessness, I strictly oppose this bill because the implications it might have on public infrastructure and uses. Public place are remain to be public for people of all kind to enjoy.

However, camping in such places severely limit the use of these places, make them dirty with human waste, increase drug trafficking and ultimately it's not safe for tax paying citizens of Oregon.
