Committee: House Committee On Housing and Homelessness  
Measure: HB3501

I am totally against the approval of HB3501. I do not think that giving the homeless total access to our parks and other public spaces is the way to alleviate the homeless situation. The proof is in the pudding! This type of access for homeless people has not worked out very well in the City of Portland and Multnomah county.

Please kill this bill as soon as possible and move on to something that has a chance for success.

Sincerely,  
Mary Kellum
