Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure: HB2659

I strongly oppose HB 2659.

Please don't repeal/delay/weaken what little climate change mitigation we have in this state. My 6 year old only knows an Oregon that burns nearly every summer, how much worse will the smoke be in 30 years? Think about what you love about this state and what it's going to become without meaningful action on climate change.
