Trish McLeod  
I am alumni of Oxford lived at Baker House Eugene Oregon

I am against Bill HB 2239 the certification process and standers of Oxford House Incorporated should be held on equal footing as NARR certification

I 100 percent believe that Oxford recovery house have saved millions of life's and it's a vital part of trying to get clean and have a place who holds us accountable for our actions. I lived in Baker Oxford house in Eugene Oregon for 2 1/2 years and I have been living on my own since the end of 2021 and on March 20 I will have 6 years clean and sober and it's thanks to Oxford that I can live a life of recovery because thanks to Oxford I learned to be an adult.
