

Submitter: Samantha Hendrickson

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

I do not agree with allowing public camping, this has overwhelmingly resulted in a complet loss of public spaces and parks in other cities/states which have followed this example and they have had to use millions to make those spaces usable again one the law was overturned. This also does not actually help the homeless people it is aimed at, we need resources not more tents.
