

Submitter: Nunzie Gould  
On Behalf Of: place housing in cities  
Committee: House Committee On Housing and Homelessness  
Measure, Appointment or Topic: HB3928

Hello Chair and members of the committee:

Housing is needed yes but HB 3928 is the wrong avenue, the wrong venue and the wrong approach.

Housing is needed in cities not SPRAWLED across Oregon, wreaking havoc on farms or fragmenting forestry habitats.

Don't spoil Tom McCall's vision; keep Oregon with a simple LAND Use system.  
Don't let each government or local community decide where to place housing without SIDEBARS.

You're writing land use law that wouldn't go thru to LUBA? That in of itself is the dumbest thing I've seen and read!

HB 3928 is an affront to our farms and forests and deserves to not pass out of your committee

No dash amendment works with HB 3928

This beast should die

Let housing stay compatible with cities comprehensive plans with environmental considerations and citizen input IN CITIES on lands that aren't zoned EFU and that aren't zoned Forest Zone.

I am in opposition to HB 3928.

Thanks  
Nunzie Gould
