

Submitter: Chad Kernutt  
On Behalf Of: Tax Paying Citizens of Oregon  
Committee: Senate Committee On Housing and Development  
Measure: SB603

Dear Lawmakers,

Please vote NO on SB-603. Just like with the passing of measure 110 and the handing out of free tents, free drug paraphernalia, free mini houses, free portable toilets, and food stamps, we don't need to come up with any more incentives for the lazy, the homeless, and drug users like this lousy ridiculous bill to take care of those who are choosing to live at the income level and life style that they are at/in. We don't need to give checks out to people for choosing to be where they are at in their lives at the expense of the tax payers when that just further incentivizes people to stay where they are in their life situations. I am white and grew up dirt floor poor in a trailer park living on top ramen and hot dogs. I was never handed anything in life and put myself through school, worked hard, and pushed myself out of sheer will and determination to get to where I'm at today. This bill is reckless, it is irresponsible, it is government waste, and it is racist (focused on skin color [excluding poor white people]). Please stop with the racism towards white Americans. Please don't cater to lazy people and attract more free loaders and drug users to our state. Please vote NO on SB-603.

Thank you.
