Measure, Appointment or Topic: SB811

SB 811 is untrue Adult Foster Homes and Group Homes receive monthly monitoring by the counties contracted by the state this is were they check your books and talk to the residents to ensure every thing is going good for the residents. Also 120 days after a group home opens a location the state comes in and checks the entire home, paperwork and talks with the residents, then they let you know if there are any infractions then you have to fix them and if the infractions are severe then the state would be pulling your license and closing you down.
