

Submitter: Monique Bochsler  
On Behalf Of:  
Committee: House Committee On Climate, Energy, and Environment  
Measure, Appointment or HB2961  
Topic:

As an Oregonian and a PCP for precinct 56, I oppose HB 2961. Funding for project like this will be cut federally. In doing so, Oregon Tax payers will feel this blow. Right now, Oregonians are suffering. We need to eliminate Oregonians burden. This will hurt the people of Oregon and my precinct. I oppose HB2961
