Committee: House Committee On Commerce and Consumer Protection
Measure, Appointment or HB2141
Topic:

I strongly support HB 2141-1. The requirements to become a Commercial Interior Design Professional are to complete a five year course of study at an accredited institution. Graduates of this rigorous course of instruction are very qualified and competent to perform many actions that will facilitate the building permit process. The housing shortage can be expedited now and into the future by allowing this profession to utilize to the maximum their knowledge and skills.
