I am a resident of Portland, Oregon and this bill would greatly impact my ability to maintain housing. As a low income resident who also struggles with disability, paying rent on time is more than challenging- as much as I try, life often gets in the way. Securing rental assistance in Portland is hard enough, when it comes it is often not within the “on time” payment timeframe. This bill makes me afraid for my housing stability that I’ve worked so hard for. Please do not pass this.
