

Submitter: Joseph Fricke

On Behalf Of:

Committee: House Committee On Housing and Homelessness

Measure: HB3501

Please do not pass this measure. Portland is struggling in all areas at this time, and this will just make things worse. I had to chase people from the front of my business preparing to smoke fentanyl just this morning, and the young girl said they were not doing anything illegal!!!!?? This is what this city is moving towards, and this particular measure will just make things worse. I am very, very close to closing my business and selling my building and home to move out of this city, as we are receiving nothing in return for all of the taxes we pay. I tried to call the police this morning (non emergency line), and never did get to talk to anyone. Please do not make things worse.
