

Senate Bill 405 sets the State of Oregon up for financial ruin:

<b>A</b>	State of Oregon Proposed New Liability Ceiling	\$500,000
<b>B</b>	Homes destroyed Wildfires 2020	3,000
<b>C</b>	Estimate of people experienced loss of primary residence	6,000
	A x B x C = B & C sue A in Circuit Court	\$9,000,000,000,000
<b>If B &amp; C sue Oregon State for allowing non-conforming use and in turn cause property and life loss how will Oregon Legislative Assembly dig themselves and Oregon out of the financial hole of 9 Trillion Dollars of Liability Civil Suits?</b>		

I strongly oppose SB 405; this Bill is Legislative Assembly act of bankrupting our state and causing more heartache, injury, and death. Legislative Assembly will be sending people into an extremely difficult and hazardous area to live in and upon nonconforming property.
