Portland Oregon

I live in an Oxford House in Portland Oregon

I am opposed to bill HB 2239  
I firmly believe that the certification standards and process of Oxford House Incorporated should be held on equal footing with that of NARR's certification.

I also feel that there should be many options for Recovery housing because of the great need that our society has and to limit those options would be quite unfortunate do to the need. Oxford House has such a great model and is helping so many like myself. Thank you for your time.
