Measure, Appointment or Topic: HB2138

I want to submit my testimony as a homeowner in the Buckman neighborhood, living in a condo built in 1911. I absolutely support any move in Portland to allow for additional housing, particularly for low income or first time buyers. We have a rich and vibrant city that will only be harmed if we don't find a way to allow people to live in it without coming in with generational wealth or tech money. I support the measure.
