Measure, Appointment or Topic: HB2305

This bill will make even more people become houseless and forced to live outside. Every person deserves shelter. Passing a bill that makes it more likely for someone get evicted who is facing financial hardship makes no sense and will deepen the already alarming housing crisis we face in Portland and all over Oregon. Please oppose this bill and help protect another person's likelihood of staying housed and safe. It is far easier to solve a financial hardship when you live in a house vs living outside.
