Measure, Appointment or Topic: HB3644

I oppose this bill. Oregon is already one of the most generous states in terms of serving the low to no income population. Those programs and funds need to be utilized and managed more efficiently and the money wisely spent. Throwing more money at a problem is not always the solution. It clearly hasn't been the most effective. Go back to the drawing board with the funds you already have and figure out how to make it work.
