On Behalf Of: Myself  
Committee: House Committee On Housing and Homelessness  
Measure: HB3501

I strongly oppose this measure. This is not a solve for the problem that is being addressed. This is just a band aid that will create other problems for law abiding citizens. If this measure it passed, it will make sidewalks unsafe. What about my kids rights to have a safe environment to grow up and play without the fear of needles, feces and other hazards that are usually left in the wake of these camps being set up. Again, I strongly oppose this measure. Please address the root cause and introduce bills and measure to increase investment in drug rehab, mental health counseling etc.
