

Submitter: Sheila Dooley  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB3414

Please oppose HB 3414 with its current amendments as it does not protect historic and cultural resources as required under Goal 5. These resources are irreplaceable treasures that deserve protection.

Oregon's land use planning goals have been upheld by the people of Oregon again and again at the ballot box. Please respect the wishes of the people of Oregon by making historic and cultural resources exempt from the scope of these amendments to HB 3414.

Thank you,  
Sheila Dooley
